Navy	10 x10	6	Sealant	250ml
Avocado	10 x10	2	Plywood Base 15mm min. thickness, 40cm diam.	
			2 x 16mm screws & wire	

### Tools

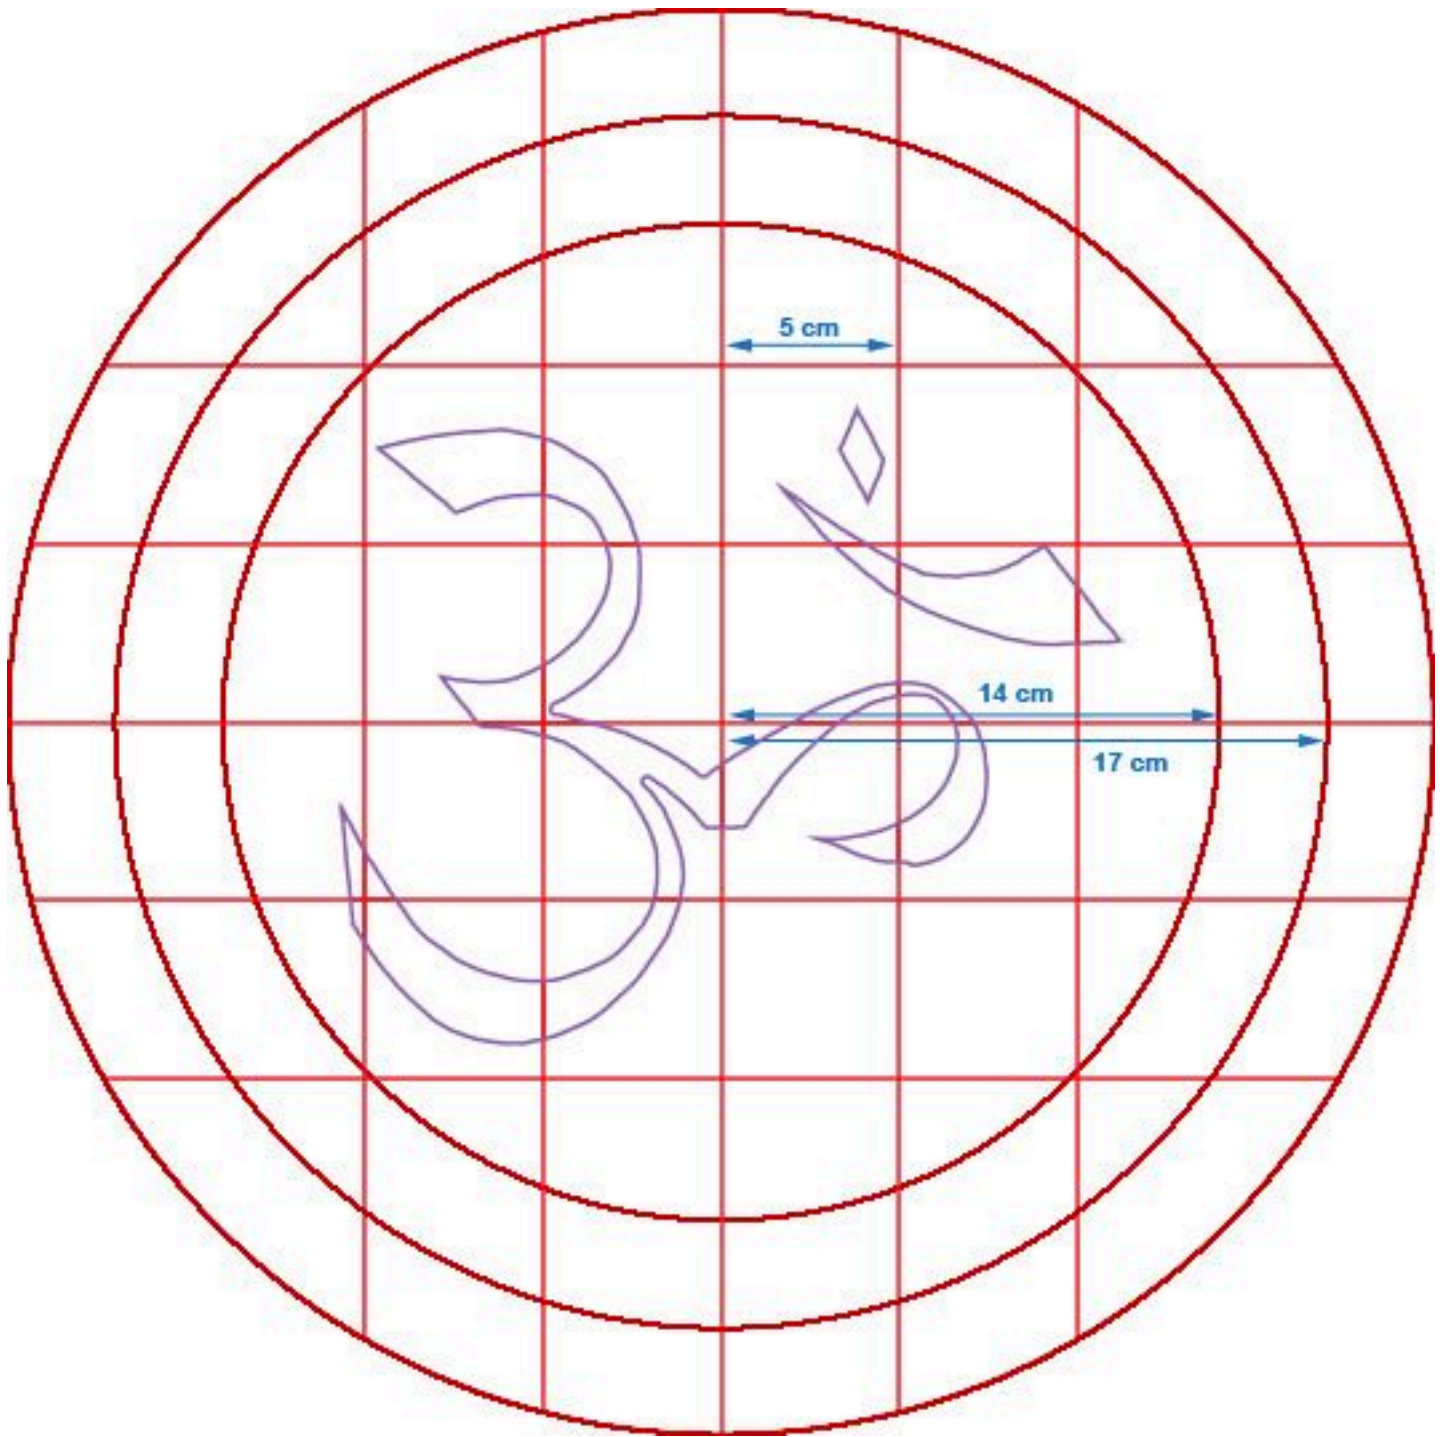

#### Required

Curved edge tile nippers  
Grouting tool (or use something from around the house)

#### Desirable

Both curved & straight edged tile nippers  
Boat Grouter

## Guidelines required for "Om" mosaic design.

1. Draw lines as shown with a ruler & a compass
2. Carefully cut your templates out (cardboard page) with scissors or a stanley knife. Cut *outside* the lines edging the template.
3. Line up the template on the guideline as shown, tracing around it carefully.

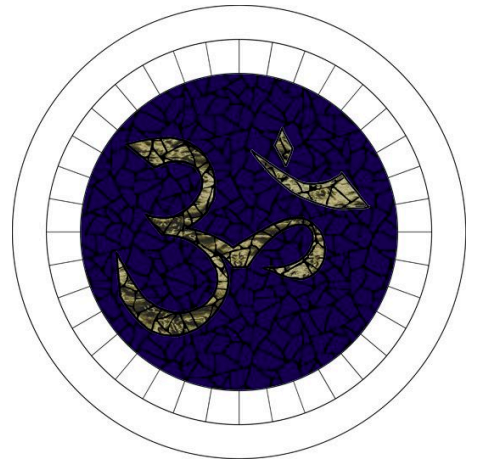

## Alternative methods of transferring the design

The drawing below could be taken to a photocopy or print shop and enlarged to your desired size. You can then use carbon paper to trace the design directly onto your backing board.

You could also draw a grid on the design and a corresponding grid onto your backing board and draw the lines in yourself
