Materials required or supplied with your kit.

Colour	Tiles		Materials	
	size (cm)	no.		
Black	10 x10	3	Tile Glue	1 kg
White	10 x10	3	Tile grout	1 kg
Burgundy	10 x10	4	Sealant	250ml
Red	10 x10	2	Plywood Base 15mm min. thickness, 40cm diam.	
Scarlett	10 x10	2	2 x 16mm screws & wire	
Tangerine	10 x10	2		
Orange	10 x10	2		
Lemon	10 x10	2		

Tools

Required	Desirable
Curved edge tile nippers	Both curved & straight edged tile nippers
Grouting tool (or use something from around the house)	Boat Grouter & Sliding Tile cutter

Guidelines required for "Yin & Yang" mosaic design.

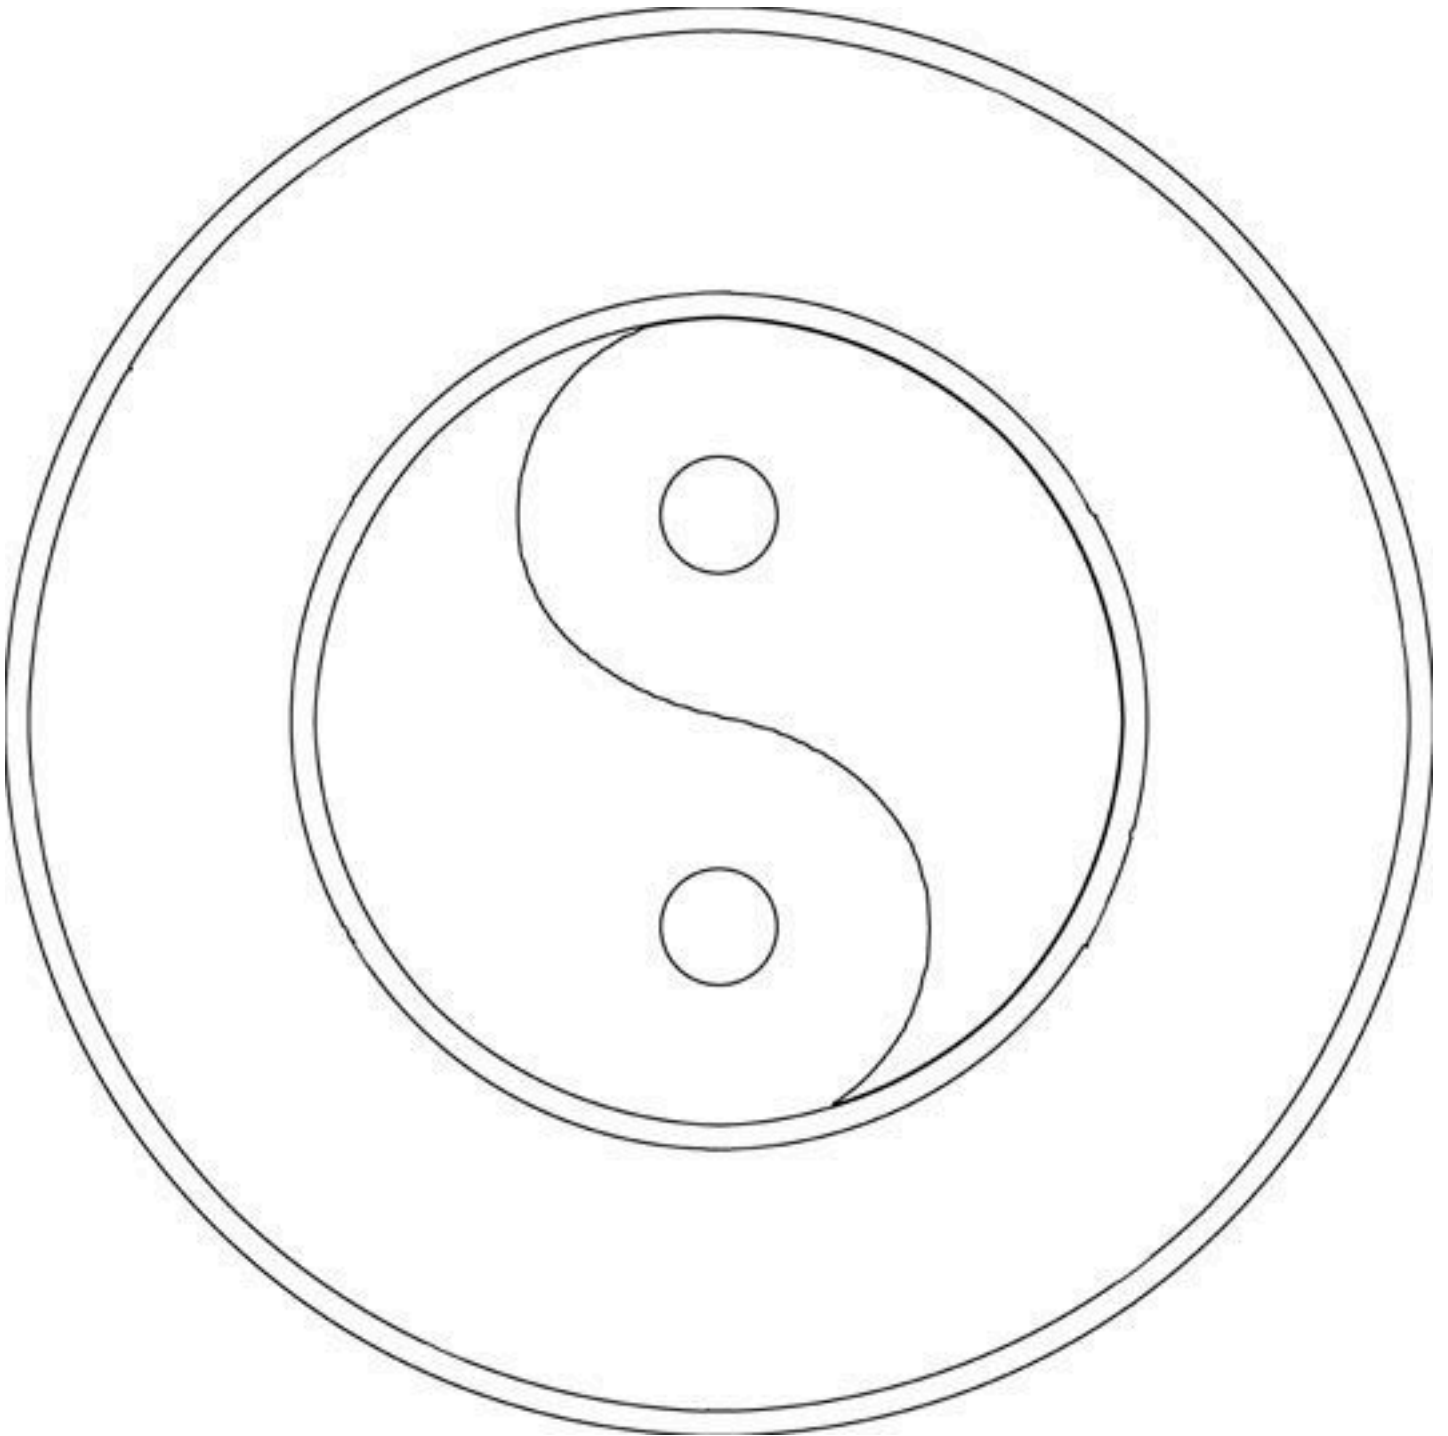

1. Draw lines as shown with a protractor & a compass
2. Manually draw in your wavy line (separating the Yin & the Yang)
3. If you plan to cut your circles whole, then no need to draw in the circles - you can place them by eye. If you are filling in the circle area, then you'll need to draw two 3 cm circles as shown.
4. You're laying your lines (borders) inside the red circles. Also, you can choose not to lay the borders - there is enough surplus tile to omit them.

Alternative methods of transferring the design

The drawing below could be taken to a photocopy or print shop and enlarged to your desired size. You can then use carbon paper to trace the design directly onto your backing board.

You could also draw a grid on the design and a corresponding grid onto your backing board and draw the lines in yourself

Suggested laying order
